Leave being "PC" (politically correct) at the door for this interactive workshop. Transgender identities and gender diversity are hot topics in today's media, but are you feeling more confused than ever? Join the MSU Women's Resource Center for an open and honest conversation where you can candidly ask your questions in a safe environment. This session is intended for folks who are interested in learning about terms and concepts such as "transgender," "transsexual," "genderqueer," "gender nonconforming," etc., with the intent of supporting colleagues, staff and students. Presenters: Dee Hurlbert & Alex Lange, MSU LBGT Resource Center.
